## **PROFESSIONAL SUMMARY**

Highly accomplished Cloud Architect, Tech & Team Lead, and Master Software Developer with over 20 years of experience delivering cutting-edge software solutions. Extensive expertise in cloud platforms (AWS, Azure, GCP), backend development, microservices, and frontend frameworks. Proven leadership in guiding cross-functional teams, overseeing large-scale digital transformations, and optimizing system performance and scalability while leading teams of over 20 people. Passionate about leveraging technology to drive business efficiency and innovation.

## **SKILLS**

- **Technical Skills:** Java, Node.js, C#, JavaScript, PHP, C++, Python, .NET, SpringBoot, React, Angular, AWS, Azure, GCP, Docker, Kubernetes, DevOps, Microservices, SOAP/REST APIs, CI/CD Pipelines

## **WORK EXPERIENCE**

### **Senior Cloud Architect (Azure/AWS)**

**BCI-Chile** — *April 2023 – Present*

- Leading digital transformation from monolithic applications to microservices architecture.
- Developed SaaS solutions and implemented AWS Lambda functions to streamline the transition.
- Led a cross-functional team of 7 professionals in the migration of a complex payment switch system, enhancing operational efficiency and scalability.

### **Senior AWS Developer**

**Delta Airlines (USA)** — *October 2022 – March 2023*

- Designed and developed SaaS and AWS Lambda solutions, leveraging WebAPI and StepFunctions.
- Created CI/CD pipelines, integrated code builds, and managed deployments.
- **Led API integrations** with external providers such as **7rooms.com**, **SimpleNight**, and **Booking.com**.

### **Senior Architect Lead**

**Inditex (Spain)** — *January 2021 – October 2022*

- Managed and coordinated two concurrent projects focused on logistics and transportation, utilizing **Java**, **microservices**, and **AWS**.
- Achieved on-time project delivery within budget, improving business agility and operational processes.

### **Chief Technology Officer (CTO)**

**LocalPayment Fintech (Argentina)** — *December 2019 – January 2021*

- Oversaw the technology strategy, focusing on system performance, security, and compliance.
- Implemented optimized cloud solutions on **AWS** and **GCP**, leading to reduced operational costs and improved scalability.
- Integrated payment processors including **Ripple**, **PIX Brazil**, **OpenPay**, and **MercadoPago**.

### **Regional Enterprise Architect**

**Neoris (LATAM)** — *March 2018 – November 2021*

- Defined and implemented cloud architectures using **AWS**, **Azure**, **GCP**, and **OpenShift**.

- Led teams in full-stack development using **Java (SpringBoot)**, **.NET Core**, **Python**, and **various front-end technologies** including **React**, **Vue.js**, and **Angular**.

### **Senior Enterprise Architect & Trainer**

**Ministerio de Modernización (Argentina)** — *March 2017 – December 2019*

- Delivered courses in **Java Spring Boot**, **MuleSoft integration**, **DevOps**, and cloud technologies.
- Provided consulting services on **GCP**, **OpenShift**, and **Kubernetes** to improve system modernization.

### **Cloud Architect & Senior Developer**

**Cognizant LATAM** — *November 2015 – March 2018*

- Senior Architect for projects involving insurance and manufacturing clients such as **Chubb**, **MetLife**, and **Toyota**.
- Led software redesign and cloud migration initiatives, including the transition from **VB** to **Java Web Services** for Chubb Insurance.

### **University Professor (Java & Software Engineering)**

**UTN (Argentina)** — *March 2014 – March 2023*

- Coordinated Java certification programs (OCA, OCP, OCE) and taught Java fundamentals, programming, web development, and Android development.

### **EDUCATION**

**Universidad Tecnológica Nacional (UTN), Argentina**

*Master's in System Engineering* — 2004 – 2010

**Escuela Superior Buenos Aires**

*Systems Analyst* — 2001 – 2003

### **CERTIFICATIONS**

- **Scrum Developer Certification**
- **Java 8 OCP (2016)**
- **Java 8 OCE (2017)**
